AND MATHEMATICS EDUCATION
VOLUME 1 NO. 1 MARET 2024**

FOCUS AND SCOPE OF THE JOURNAL

International Journal of Science and Mathematics Education. This journal is published by the Indonesian Mathematics and Science Research Association. This journal accepts manuscripts based on empirical research, both quantitative and qualitative. This journal is a peer-reviewed, open access journal of Mathematics and Science Education. The field of study in this journal covers the Mathematics and Science Education sub-group. This journal is published 1 year 4 times (**March, June, September, December**)

Articles published in the **International Journal of Science and Mathematics Education** include the results of original scientific research (top priority), new scientific review articles (not priority), or comments or criticism of existing papers. The **International Journal of Science and Mathematics Education** accepts manuscripts or articles in the fields of Mathematical and Natural Sciences published in the International Journal of Science and Mathematics Education, from various academics and researchers, both nationally and internationally.

The articles published in the journal are articles that have gone through a review process by Mitra Bebestari (peer-reviewers). Publication of the **International Journal of Science and Mathematics Education** published by the Indonesian Mathematics and Science Research Association only accepts articles originating from original research results (top priority), and new scientific review articles (not priority). The decision whether or not to accept a scientific article in this journal is the right of the Editorial Board based on recommendations from Mitra Bebestari.

The field of study in this journal covers the Mathematics and Science Education sub-group. This journal is published 1 year 4 times (March, June, September, December)

The International Journal of Science and Mathematics Education Publishes the Only Paper That Strictly Follows Guidelines and Templates for Manuscript Preparation. All submitted manuscripts will go through a double-blind peer review process. The paper is read by members of the editorial team (according to the area of specialization) and will be screened by the managing editor to meet the criteria required for publication. Manuscripts will be sent to two reviewers based on their historical experience in reviewing manuscripts or based on their areas of specialization. The International Journal of Science and Mathematics Education Has Reviewed the Form to Keep the Same Items Reviewed by Two Reviewers. Then the Editorial Board Makes a Decision Based on the Reviewers' Comments or Suggestions.

Reviewers provide assessments of originality, clarity of presentation, contribution to the field/science. This journal publishes research articles (Research Articles), Review Articles/Literature Reviews, Case Reports and Concept or Policy Articles, in all fields of Mathematics and Science Education. . The articles that will be published are original works and have never been published. Incoming articles will be reviewed by a team of internal and external reviewers.

The Editorial Board will continue to strive to improve the quality of the journal so that it can become an important reference in the development of science. Deepest appreciation and thanks to Mitra Bestari, members of the editorial board and all parties involved in publishing this journal.

Regards,

Chief Editor
